#### General information

At The College of Law you'll get the best possible start to your legal career. With centres in Birmingham, Chester, Guildford, London, Manchester and York, they are the UK's leading provider of legal education. Their innovative courses are designed and taught by lawyers, with a clear focus on building the practical skills, commercial awareness and independent thinking you'll need to succeed. This is supported by an award-winning pro bono programme, the largest and best-resourced careers service in UK legal education and excellent tutor support.

The College LPC is rigorous and practical – equipping you with the skills you need to succeed. They have the widest selection of vocational elective subjects available and uniquely offer three different LPC routes, allowing you to specialise in your chosen field: corporate, commercial & private and public legal services. Please note that the London Moorgate centre specialises in the corporate route LPC. All teaching is in small, student-centred groups and the course features extensive use of multi-media learning resources. Students who successfully complete this LPC will be a third of the way towards the College's LL.M in Professional Legal Practice.

As the largest corporate-specific law school in the UK, the Moorgate centre's focus is on getting future trainees into corporate practice and developing qualified lawyers. And, because it's a newly refurbished building, the facilities are truly top-class.

Of course, London is one of the world's great cultural and business capitals, and you'll find a wide range of bars, clubs and restaurants, with cutting-edge art, music and theatre, every night of the week. Being in the capital also gives you great links with the legal and financial community.
