Join us at our Innovate events

10 April 2024

Technology is an indispensable tool for solicitors. Everything from basic word processing to emails, apps and video calls are built on the technologies we use every day. But could it serve you better and how might AI change how you work?

At our latest innovation events, you will get exclusive insights and valuable advice about maximising the tech you have already. Plus you can find out about the opportunities, potential benefits and pitfalls of adopting AI in the legal profession.

You will hear:

- practical hints and tips on harnessing the power of existing technology
- examples from those onboarding new technologies
- how companies are pushing the boundaries of AI and law
- how the unique challenges of AI affects the profession.

Topics will include:

- how tech and AI are already changing how you do business
- practical hints and tips on embedding technology within your business
- getting the most from the technologies you already have
- the challenges and opportunities offered by new technologies
- how to upskill your workforce for the future.
