This paper will be published

2020/21 Practising Fees and Compensation Fund contributions final decisions

Purpose

- 1 To finalise the 2020/21 Practising Fees and Compensation Fund contributions.

Recommendation

- 2 The Board is asked to make the following determinations:
 - (a) the Practising Certificate Fee Determination [2020] in annex 1 (paragraph 11)
 - (b) the Recognised Body and Recognised Sole Practice Fee Determination [2020] in annex 2 (paragraph 12)
 - (c) the Licensed Body Fee Determination [2020] in annex 3 (paragraph 13)
 - (d) the Determination of Compensation Fund contributions [2020] in annex 4 (paragraph 14)
 - (e) the Determination of Compensation Fund contributions for Licensed Bodies [2020] in annex 5 (paragraph 15).

Equality, Diversity and Inclusion considerations

- 3 This paper refers to the Practising Fees and Compensation Fund contributions for the coming financial year and does not, therefore, deal with any specific issues relating to EDI. Board papers which deal with initiatives and projects funded from this budget will continue to consider EDI issues in detail.

2020/21 Practising Fees and Compensation Fund contributions final decisions

Introduction

- 4 The Board is asked to make its final decision on Practising Fees and Compensation Fund contributions apportionment for 2020/21, subject to the decision of the Law Society Council on the total funding requirement on 15 July 2020.
- 5 The Finance and Audit Committee and Board have considered and agreed the NFR, Practising Fee and levels of contribution to the Compensation Fund for 2020/21.
- 6 The Practising Fee was subject to a public consultation undertaken by the Law Society which closed on 10 July. This paper assumes this does not result in any changes to the proposals.
- 7 The Net Funding Requirement (NFR) for the Law Society group for 2020/21 is £101.2m, which is a 1.3% decrease from £102.5m in 2019/20. The individual Practising Certificate fee will remain at £278 for 2020/21. SRA authorised firms also pay an entity fee based on their UK turnover. The proportion of turnover charged declines as turnover decreases. The total amount to be collected from firms through the entity fees will decrease from £61.5m to £60.7m.
- 8 The Compensation Fund contribution for individuals will reduce from £60 last year to £50 this year and for firms holding client money from £1,150 to £950. These figures were previously approved by the Board on 27 April 2020.

Fee/ Compensation Fund contribution determinations for regulated individuals and authorised bodies

- 9 The draft fee and contribution determinations are attached as annexes to this paper and broadly follow those made last year. The fees and detail in the turnover table are based on achieving the current estimated total funding requirement for 2020/21.
- 10 The key points to note in relation to all of the draft practising fees and Compensation Fund contribution determinations are summarised below.

Practising fees determination

- 11 Annex 1: Draft Practising Certificate Fee Determination [2020]. This:
 - sets the practising certificate fee and equivalent registration and renewal fees for Registered European Lawyers (RELs) and Registered Foreign Lawyers (RFLs).
 - provides for a 50% reduction for those who are or who have been on maternity leave or a period of leave equivalent to statutory maternity leave.

SRA BOARD
14 July 2020

CLASSIFICATION – PUBLIC

- preserves a lower fee for RFLs who are based abroad and deals with other special cases

Recommendation: the Board is asked to make the Practising Certificate Fee Determination [2020].

12 Annex 2: Draft Recognised Body and Recognised Sole Practice Fee Determination [2020]. This:

- sets the application fee for authorisation as a recognised body or a recognised sole practice
- makes it clear that where the recognition commences in a different period from the one in which the application was made, the fee will be adjusted accordingly
- sets the annual periodical fee for recognised bodies and recognised sole practices (based on turnover) with different provisions applying to brand new firms, continuing firms and firms who have been affected by an acquisition, merger or split in the last 12 months
- deals with special cases such as overseas offices
- sets the fee at £250 for the SRA to determine relevant turnover following a Notice of Succession where the firms cannot agree.

Recommendation: the Board is asked to make the Recognised Body and Recognised Sole Practice Fee Determination [2020].

13 Annex 3: Draft Licensed Body Fee Determination [2020]. This:

- sets the application fee payable by licensable bodies, which comprises a minimum set fee, plus an additional amount for each person requiring approval as a role holder, with the possibility of fees being increased if the work in relation to the application is more than covered by the basic fee and for any costs of external agencies to be passed on to the applicant
- sets the initial periodical fee payable by a licensed body on authorisation, based on estimated turnover for the first 12 months and calculated in accordance with a banded turnover table
- sets the annual periodical fee for licensed bodies (based on turnover)
- includes an adapted definition of turnover to give us discretion to amend the figure where it appears that the turnover figure does not fully reflect the value of the legal services provided
- adapts the definition of turnover to relate it to turnover from regulated legal activities

SRA BOARD

14 July 2020

CLASSIFICATION – PUBLIC

Recommendation: the Board is asked to make the Licensed Body Fee Determination [2020].

Compensation Fund contribution setting for 2020/21

- 14 Annex 4: Draft Determination of Compensation Fund Contributions [2020]. This prescribes the individual and firm Compensation Fund contribution.

Recommendation: the Board is asked to make the Determination of Compensation Fund Contributions [2020].

- 15 Annex 5: Draft Determination of Compensation Fund Contributions for Licensed Bodies [2020]. This prescribes the Compensation Fund contribution payable by Licensed Bodies.

Recommendation: the Board is asked to make the Determination of Compensation Fund Contributions for Licensed Bodies [2020].

Risks

- 16 The fees raised under the fee determinations are needed to fund our regulatory activities and the Law Society's permitted purposes activities. Any delay in making the fee determinations, (and any subsequent delay in the LSB timelines for approval), which affects the planned renewal process in October therefore has the potential to cause major operational difficulties for the SRA and might lead the need for the SRA and Law Society to draw upon reserves in order to continue to operate.

Fees review

- 17 We intend to review our overall approach to fees next year. This work is ongoing and will continue into 2021. The review is looking at a range of issues such as our approach to discounting and refund policy. We will update the Board on our proposals as they develop.

Next steps

- 18 The Practising Fees and Compensation Fund contributions are subject to final approval by the Legal Services Board and we will make the appropriate application if the Board agrees the recommendations in this paper.

19 This work is essential to delivery of all strategic objectives.

What equality and diversity considerations relate to this issue

20 The approach to setting practising fees and Compensation Fund contributions follows the structure adopted in 2010 as a result of the three Fairer Fees consultations. A full Equality Impact Assessment was carried out in 2010 and there are no changes.
