

SQE - supporting candidates to sit the assessment

23 September 2021

You can find out how we (SRA and Kaplan) will make sure no-one is disadvantaged because of a disability - or other physical or mental health condition - in demonstrating their competence.

Targeted at SQE candidates and education or training providers, you can learn about reasonable adjustments for the SQE, including:

- Who should apply
- How to apply
- What evidence is needed
- What reasonable adjustments could be available to candidates
- Benefits of applying for a reasonable adjustment early
- How they are considered on a case by case basis
- Insight we have gained from feedback and applications so far
- Further engagement and guidance that is planned
